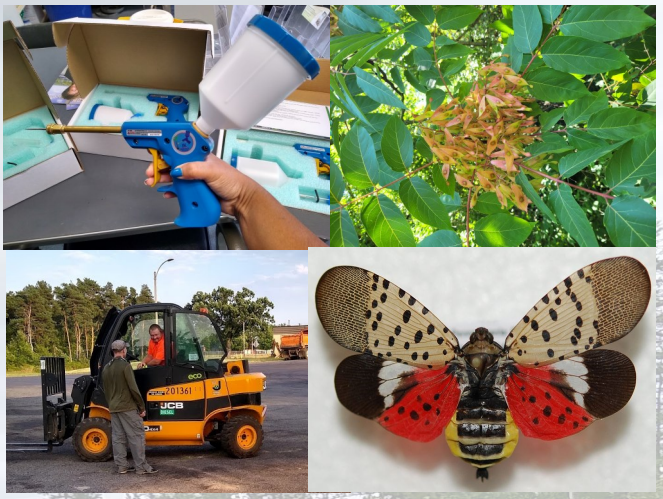
517-395–2089

Refreshments Provided



Invasive species can reduce biodiversity, damage infrastructure, and hinder management activities. Learn more about what invasive species are, identify commonly found invasive species, and some that are nearby. We will cover basic management methods, equipment decontamination, and environmental considerations when using pesticides.

Speaker:

Dr. Shikha Singh
JLW CISMA Invasive Species Coordinator

This talk is geared towards county and municipal staff, volunteers, and partners interested in learning more about the above topics. *This event is free, and registration is required. Attendees will be eligible for two RUP credits in category 2, 3B, 6 or Commercial Core.* For more information or to register, contact the JLW CISMA Coordinator at the information listed to the left (email preferred).

JLW CISMA

Jackson COUNTY PARKS

This training session is brought to you by the JLW CISMA, funded in part by the Michigan Invasive Species Grant Program (www.michigan.gov/invasives).
